Forecast for Monday 05 Jul 2021

Weather: Low cloud and rain through the early hours and much of the morning. Turning dry late morning with some bright or perhaps sunny spells and just a few isolated showers in the afternoon. Mainly dry with patchy cloud after dusk.

Chance of cloud free mountain/hill tops above 700m: Nil at first, improving to 90% by midday.

Visibility: Poor at first, extensive low cloud above 400m and generally 5-10 km at low levels in rain. Becoming very good by midday as cloud lifts above the summits. Brief reductions during the afternoon if caught in a passing shower.
